

We need your help!

Caswell, Davie, Forsyth, Rockingham, Stokes, Surry, and Yadkin Counties are working together to become less vulnerable to natural disasters, and your participation in the process is important to us!

The counties, along with local jurisdictions and other partners, are working to update the multi-jurisdictional Regional Hazard Mitigation Plan. This plan identifies and assesses your community's hazard risks and identifies strategies that determine how to best minimize or manage those risks.

This survey is an opportunity for you to share your opinions and participate in the mitigation planning process. The information you provide will help us better understand your hazard concerns and can lead to mitigation measures that can lessen the impacts of future hazard events.

If you have any questions regarding this survey or would like to learn about more ways you can participate in the development in the Northern Piedmont Regional Hazard Mitigation Plan, please contact Nathan Slaughter from ESP Associates, Inc. at [nslaughter@espassociates.com](mailto:nslaughter@espassociates.com).
