**ATTENTION: Important Information Regarding Upcoming Water System Improvements**

Residents and business owners are encouraged to sign up for automated phone alerts by contacting Town Hall.

---

**Town of Jonesville Residents and Business Owners,**

The Town of Jonesville is working in partnership with The Wooten Company to complete two grant-funded projects designed to upgrade and rehabilitate our water distribution system. These improvements will enhance reliability, safety, and long-term service for our community.

***Project One: Water Line Improvements***

**Contractor:** Greenfield Utility Construction LLC

This project includes the installation of new valves, fire hydrants, and water lines throughout town. The anticipated completion date is **October 4, 2026**.

Beginning March 16, 2026, the contractor will be working along:

- Highway 21
- Highway 67
- Shaw Street
- Cedarbrook
- Swan Creek
- Swaim Street
- Westbrook Drive
- Lake Drive

(Work may not occur in this specific order.)

All associated service lines connected to the distribution system will also be replaced.

**Project Two: AMI (Advanced Meter Infrastructure) Meter Replacement**

**Contractor:** Vanguard Utility Services, Inc.

This project involves replacing all water meters throughout the distribution system with Advanced Metering Infrastructure (AMI) technology. The anticipated completion date is **August 28, 2026**.

---

**Important Information**

Residents and business owners may observe work crews:

- Filming construction areas for documentation
- Placing door hangers with project information
- Speaking with property owners or renters regarding access or service connections

Project updates will be shared on the Town's website at [www.townofjonesvillenc.com](http://www.townofjonesvillenc.com), the Town's Facebook page, and through weekly automated phone messages.

For everyone's safety, please ensure that no individuals or animals enter construction areas. Vehicles, equipment, and other personal property must be kept clear of roadways and rights-of-way where work is underway.

We understand construction activity can cause temporary inconveniences. The Town and its contractors will make every effort to minimize disruptions and restore service as quickly as possible. We greatly appreciate your patience and cooperation as we complete these important infrastructure improvements.

Sincerely,

**Mayor Anita Darnell**  
Town of Jonesville
