Dean Ledbetter with NC DOT spoke with Council Members and presented to them how projects with the Department of Transportation are prioritized based on three categories (1) Statewide Mobility (2) Regional Impact and (3) Division Needs

Business – Wendy Thompson, Town Manager, addressed the Council with the following business matters:

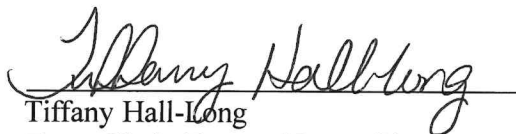

1. SRHC Innovations, Inc.'s owners met with the Council after their construction kickoff meeting at 1000 PVH Way and gave them updates on how the intended process will work once they begin operations and the facility opens back up for business.
2. Further discussion regarding appeal of utility bill for address 5514 Cedarbrook Rd. with Council was addressing information on file pertaining to usage from both the original meter and the newly installed meter.
 - o A motion to deny the Appeal of Utility bill for address 5514 Cedarbrook Rd. was made by Council Member M. Tilley, seconded by R. Adkins, approved by unanimous vote, 4-0.
3. Discussion regarding requested Resolution for bridge placement in NC DOT project for additional road access between Jonesville and Elkin proposed by Ronnie Ball.
4. W. Thompson spoke with Council about Yadkin County operating as one single fire district, which would mean one fire tax rate spread across the County. Arlington Fire and Rescue would still own any items and equipment they currently own. Any future purchases made once the single operating Fire Tax put into place would still be in the name of Arlington Fire and Rescue.

5. W. Thompson discussed with Council the possibility of advertising and holding a Public Hearing for a Moratorium on both Data Centers and Solar Farms within the Town of Jonesville and the extra territorial jurisdiction (ETJ) that would potentially last up to two years. This would restrict the possibility of either further research being done and future discussions with Piedmont Triad Regional Council on zoning.
6. Updates to the Town's ordinances were talked about with Council and W. Thompson speaking with Senator Eddie Settle and NC State House Representative Julia Howard to assist with the Town of Jonesville opening ordinances for updates addressing the existence of future zoning concerns and including strategy plans.
7. Chief Vestal requested of the Council to surplus radios no longer in use by the Police Department since upgrading their communication systems with CDBG-CV funding. Chief requests that the radios be surplus to neighboring police departments for a reduced cost. This item will be included on a future agenda for September's regular monthly meeting.

A motion to adjourn was made by Council Member R. Adkins, seconded by Council Member M. Tilley, approved by unanimous vote, 4-0.
